

Andre Gallegos Quenaya

Entry-Level Software Developer(Spring Boot + React/Angular)

Arequipa, Peru

962870797 andre.gallegos@tecsup.edu.pe

A motivated software developer from the TECSUP Technologic Institute with 3 months of experience in software development and the biggest fan of Daft Punk. I have developed personal projects which have given me a lot of learning and growth in my technical skills. Seeking to use proven skills using Spring Boot, React, or Kotlin with project management via Jira.

Employment History

Internship at Judiciary Power, Arequipa

January 2022 - March 2022

- Development of the login and registration module using API Rest with Spring Boot.
